

# Donor Advised Funds

## Leave Your Mark on Eternity.

Charitable giving is more than a check. Generosity is how you live out values and leave a legacy. The donor advised fund is your tool to live what matters.

### HOW IT WORKS:

#### Give

- Contribute to your fund with cash, stocks, real estate, business interest, etc.
- We handle the paperwork and administrative details.
- No monthly minimum fees.
- Your financial advisor can manage the fund from the first dollar, if you choose.

#### Grow

- Use investment options to grow your fund.
- Invest according to your values with our biblically responsible investment pools, so your money is not invested in groups that conflict with Christian values.
- We are committed to fee transparency so you know how money is used and can send more to your Kingdom causes.

#### Impact

- Research ministries and save favorites for easy giving planning in your fund.
- Create and track giving goals in the online platform.
- Join a like-minded generosity community that has sent out over \$2 billion to the Kingdom.

“

We've worked closely with Bill High & The Signatry for our family's giving. They've been a valuable asset to us, and we encourage others to use them!

**David Green**, CEO of Hobby Lobby

#### WE MAKE GIVING EASY

- Online giving
- No IRS 990
